

## **Safeguarding and Welfare Requirement: Health**

Providers must keep a written record of accidents or injuries and first aid treatment.

### **St Matthew's Pre-School Policy**

#### **3.4 Recording and reporting of accidents and incidents**

(Including the procedure for reporting accidents and incidents to the HSE under RIDDOR requirements)

##### **Policy statement**

We follow the guidelines of the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) for the reporting of accidents and incidents. Child protection matters or behavioural incidents between children are not regarded as incidents and there are separate procedures for this.

##### **Procedures**

*Our accident/incident book:*

- is kept in a safe place;
- is accessible to staff who all know how to complete it; and
- is reviewed half termly to identify any potential or actual hazards.

*Reporting accidents and incidents*

Ofsted and the Surrey LADO, 0300 2001006 are notified as soon as possible, but at least within 14 days, of any instances which involve:

- food poisoning affecting two or more children looked after on our premises;
- a serious accident or injury to, or serious illness of, a child in our care and the action we take in response; and
- the death of a child in our care.

Surrey County Council child protection agencies are informed of any serious accident or injury to a child, or the death of any child, while in our care and we act on any advice given by those agencies.

Any food poisoning affecting two or more children or adults on our premises is reported to Surrey Environmental Health Department. 03456 009 009

We meet Surrey's requirements in respect of the safety of our employees and the public by complying with RIDDOR (the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations). We report to the Health and Safety Executive:

- any work-related accident leading to a serious injury to a child or adult, for which they are taken to hospital;
- any work-related injury to a member of staff, which results in them being unable to work for seven consecutive days;

- when a member of staff suffers from a reportable work-related disease or illness;
- any death, of a child or adult, that occurs in connection with activities relating to our work; and
- any dangerous occurrences. This may be an event that causes injury or fatalities or an event that does not cause an accident, but could have done, such as a gas leak.

*Our incident/accident book*

- We have ready access to telephone numbers for emergency services .We ensure we have access to the person responsible for the Pre-School hall and that there is a shared procedure for dealing with emergencies.
- The Hall Management Committee keeps a book for recording major incidents, including those that are reportable to the Health and Safety Executive (HSE) as above.
- These incidents include:
  - a break in, burglary, or theft of personal or the setting's property;
  - an intruder gaining unauthorised access to the premises;
  - a fire, flood, gas leak or electrical failure;
- The Pre-School keeps a book for recording major incidents, including those that are reportable to the HSE.
- These incidents include
  - an attack on member of staff or parent on the premises or nearby;
  - any racist incident involving staff or family on the setting's premises;
  - a notifiable disease or illness, or an outbreak of food poisoning affecting two or more children looked after on the premises;
  - the death of a child or adult, and
  - a terrorist attack, or threat of one.
- In the incident book we record the date and time of the incident, nature of the event, who was affected, what was done about it or if it was reported to the police, and if so a crime number. Any follow up, or insurance claim made, is also recorded.
- In the unlikely event of a terrorist attack, we follow the advice of the emergency services with regard to evacuation, medical aid and contacting children's families. Our standard Fire Safety and Emergency Evacuation Policy will be followed. The incident is recorded when the threat is averted.
- In the unlikely event of a child dying on the premises, the emergency services are called, and the advice of these services is followed.
- The incident book is not for recording issues of concern involving a child. This is recorded as a child protection issue.
